EXPERIENCE

Intern | June 2023 - August 2023

Rugas Technology | Bangalore, Karnataka

Prepared a feature in their ongoing project and got exposed to new technologies. Managed to learn experimental procedures, results, and observations. Contributed to other tasks as assigned, depending on the needs of the engineering team.

PROJECTS

Smart Cleaner | An automated cleaning robot

Designed a new automated cleaning robot using IoT technologies like Arduino and received patent for the same.

Portfolio | A complete information

Created an innovative portfolio website to represent my skills and provide a complete visual experience.

Many other mini projects

Various other mini projects including an online stopwatch, a game of tic tac toe, a travel blog website, a weather application and so on.
